

# Hold On

## Adele

Hold on  
You are still strong  
Love will soon come  
Just hold, hold on

Oh, what have I done yet again?  
Have I not learned anything?  
I don't want to live in chaos  
It's like a ride that I want to get off  
It's hard to hold onto who I am  
When I'm stumbling in the dark for a hand  
I am so tired of battling with myself, with no chance to win

Hold on  
Let time be patient  
You are still strong  
Let pain be gracious  
Love will soon come  
Just hold, hold on

I swear to God, I am such a mess  
The harder that I try, I regress  
I'm my own worst enemy  
Right now I truly hate being me  
Every day feels like the road I'm on  
Might just open up and swallow me whole  
How do I feel so mighty small  
When I'm struggling to feel at all?

Just hold on (Just hold on)  
Let time be patient (You)  
You are still strong  
Let pain be gracious (Love will soon come)  
Just hold on (You, just hold on, you, just hold on), hold on (You, just hold on, just hold on)

Sometimes loneliness is the only rest we get (Just hold on, just hold on)  
And the emptiness actually let's us forget (Just hold on, just hold on)  
Sometimes forgiveness is easiest in secret (Just hold on, just hold on, just hold on, just hold on)

So just hold on (Just hold on)  
Let time be patient (You are still strong)  
Let pain be gracious  
Love will soon come, baby

If you just hold on

Hold on, hold on, hold on, hold on (Hold on)

Just let time be patient

'Cause you're still strong, you're still strong (You are still strong)

Just be gracious

'Cause love will soon come

If you just hold on (You, just hold on, you, just just hold on, you, just hold on)

Just be patient, just be patient

(You, just hold on, you, just just hold on, you, just hold on, you, just hold on, just hold on, just hold on)
